

the
TREE HOUSE
CHILD CARE CENTER

What is school readiness? It's a combination of both what to learn (content) as well and knowing how to learn (creativity, curiosity and critical thinking). Readiness includes:

- Knowledge application
- Social emotional skills - creating caring interactions
- Critical thinking and problem solving
- Creativity and innovation
- A positive disposition and approach towards learning

The center is a Reggio Emilia inspired school with an emergent curriculum. The Tree House Child Care Center was developed by working parents like you who value an all inclusive trusted provider. Our year round, daily thematic learning activities are designed to assure children are prepared to enter school. We follow the early childhood education standards of quality set forth by the Michigan State Board of Education for preschool and assess for school readiness.

Call, email or visit the website to enroll and schedule your family interview.

- ❖ Young Preschool - Sprouts (30 to 35+ months)
- ❖ Preschool – 3s Shoots (36 to 47+ months) and 4s Saplings (48+ months)
- ❖ Kindergarten Preparatory Room

The Tree House Child Care Center was developed by working parents like you who need one trusted stop for early childhood education (preschool) and care. The center offers an all inclusive tuition rate that includes child care, preschool (daily) and meals in one convenient location. The center prioritizes full time enrollment with limited 2 or 3 day slots available. The center utilizes Brightwheel app for curriculum, calendar and communication with families.

Here's what can you expect in the preschool program.

Young Preschool - Sprouts (30 to 35+ months)

- Curious and energetic learners, emphasis on increasing activity tolerance
- Strengthening motor skills
- Emerging emotional regulation skills and learning empathy towards others
- Increasing independence with self help skills (potty training and dressing)
- Meaningful play and daily outdoor experiences
- Regular family updates

Preschool – 3s Shoots (36 to 47+ months) and 4s Saplings (48+ months)

- Growing independence with self help skills
- Expanding knowledge – emphasis on early literacy, phonics and math/STEM
- Learning centers incorporating all learning domains
- Developing emotional regulation and social skills
- Sensory and dramatic play
- Meaningful play and daily outdoor experiences
- Regular family updates

Kindergarten Preparatory Room

- Skill development in all learning domains
- Emotional literacy
- Classroom projects and team activities
- Growing autonomy
- Learning centers for pre-reading, writing and early math/STEM
- Daily outdoor experiences/nature learning
- Spring and fall assessment/screen with parent report
- Spring graduation celebration
